Ceramic fiber files

Ceramic fiber files, the perfect complement to precision tools

GLARDON®

Leading manufacturer of precision tools, *vallorbe swiss*® continues to be recognised worldwide for the high quality of its products in the jewellery market. Strongly oriented towards the future and innovation, we are launching a new tool, the **Ceramic Fiber File**, under the brand *Glardon*. Made of ceramic fibers, this new product has a unique crystal structure, which offers exceptional benefits:

- **Perfect to refine surfaces, especially angles, holes, small areas**
- **Long lasting: no breakage, no cracking, no chipping**
- **The tip can be shaped to fit the targeted area with grinding wheels or diamond coated tool**
- **Allows flexibility and a high breaking strength**
- **No scratch on the workpiece. It doesn't leave abrasive particles and allows uniform finishing**
- **Can be used by hand or with pneumatic, ultra-sonic, motorized solution**
- **Offers a wide lineup, from coarse grits to fine finishing**
